Welcome to MPW Summer School

The MPW Summer School offers the opportunity to study an innovative, high-quality academic programme and experience the best of British culture. It's where young minds shine.

Our expertly designed programmes allow you to explore future careers and traditional academic subjects in refreshing new ways, as well as equipping you with essential skills for life, such as public speaking, collaboration and conflict resolution. Through interactive lessons and discussion-based learning, you will also develop confidence in communicating effectively in English.

Based in London and Cambridge, our campuses place you in the heart of each city. You will enjoy a packed schedule of social and cultural activities, offering opportunities to use English in real-world contexts, plus lectures and career talks given by world-renowned academics and industry professionals in their respective fields.

A summer with MPW is unique, unforgettable and transformative.

About MPW

MPW is one of the UK's leading names in fifth- and sixth-form education, offering a distinctive alternative to traditional schools.

Founded in 1973, our colleges in London, Birmingham and Cambridge offer the same broad, highly flexible curriculum. We offer a unique teaching approach focused on exam preparation and outstanding personal support.

This approach is reflected in a highly consistent record of exam results; in 2026 the most commonly achieved A level result was A*/A. Over the past two years, well over 500 MPW students have progressed to Russell Group and University of London universities.

We teach 1,200 students on roll each year, of which approximately two-thirds are British, one third international. An additional 1,500 mostly UK-based students enrol each year on Easter Revision courses.

All three colleges have attained maximum scores in all UK government inspection reports.

To discover more about MPW, visit www.mpw.ac.uk.

A level, GCSE, University Foundation, Easter Revision

Top grades in government inspection reports

Supervised accommodation within walking distance of each college

Maximum nine students in GCSE and A level classes

70% UK and 30% international students

Personal tutor system, supervising welfare and academic progress

London

Our London campus is located in the very heart of South Kensington, one of the most exclusive and affluent parts of the capital. Sitting on the same street, both our college and impressive boarding accommodation are just moments away from world-famous academic and cultural attractions.

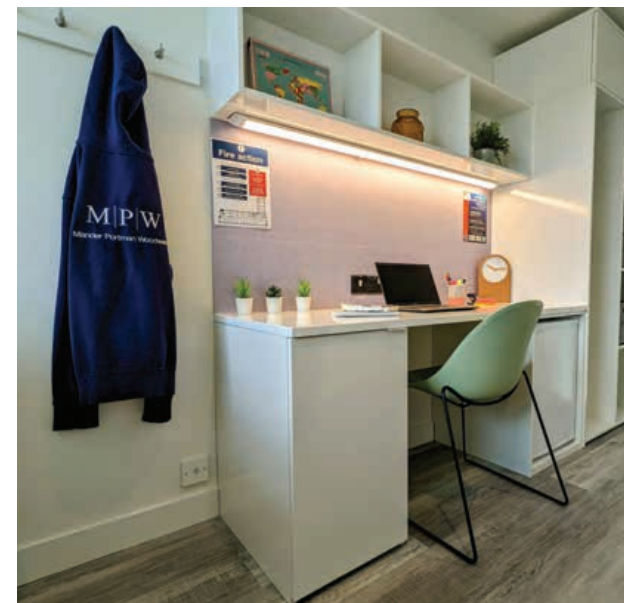

These include the Natural History Museum, Imperial College, Royal College of Art, Royal College of Music, museums for every interest (including the Science Museum and V&A) and the iconic Royal Albert Hall.

Nearby Hyde Park offers a beautiful green space, while the area's thriving food and café culture provides opportunities to experience British life and culture first-hand during your stay.

South Kensington provides an inspiring backdrop to your summer. Its leafy streets, welcoming cafés and rich cultural heritage give the area a distinctive character, making it a memorable setting for learning, discovery and new friendships during your time at MPW.

Accommodation

In London, you will stay at Queen's Gate House. This outstanding facility provides modern, premium en-suite bedrooms that offer panoramic views across South Kensington. Each room has air conditioning, enabling you to control the temperature of your own room. This accommodation forms part of MPW's campus and is located just a few minutes' walk from the main college building.

Cambridge

Cambridge is a city steeped in history, home to many beautiful museums, art galleries and stunning architecture, as well as the renowned University of Cambridge.

Our Cambridge college is located in the heart of the city, next door to the University of Cambridge Botanic Garden, as well as the University's Engineering and

Chemistry faculties. Students stay in purpose-built student accommodation, within walking distance of the college and Cambridge Leisure Park, immersing themselves in the atmosphere of one of the world's most famous academic cities.

Accommodation

Tripos Court provides comfortable, secure accommodation with premium en-suite bedrooms and beautiful gardens, perfect for socialising on sunny days. The accommodation is a 15-minute walk to the college. You will be chaperoned to and from school as part of a group each day.

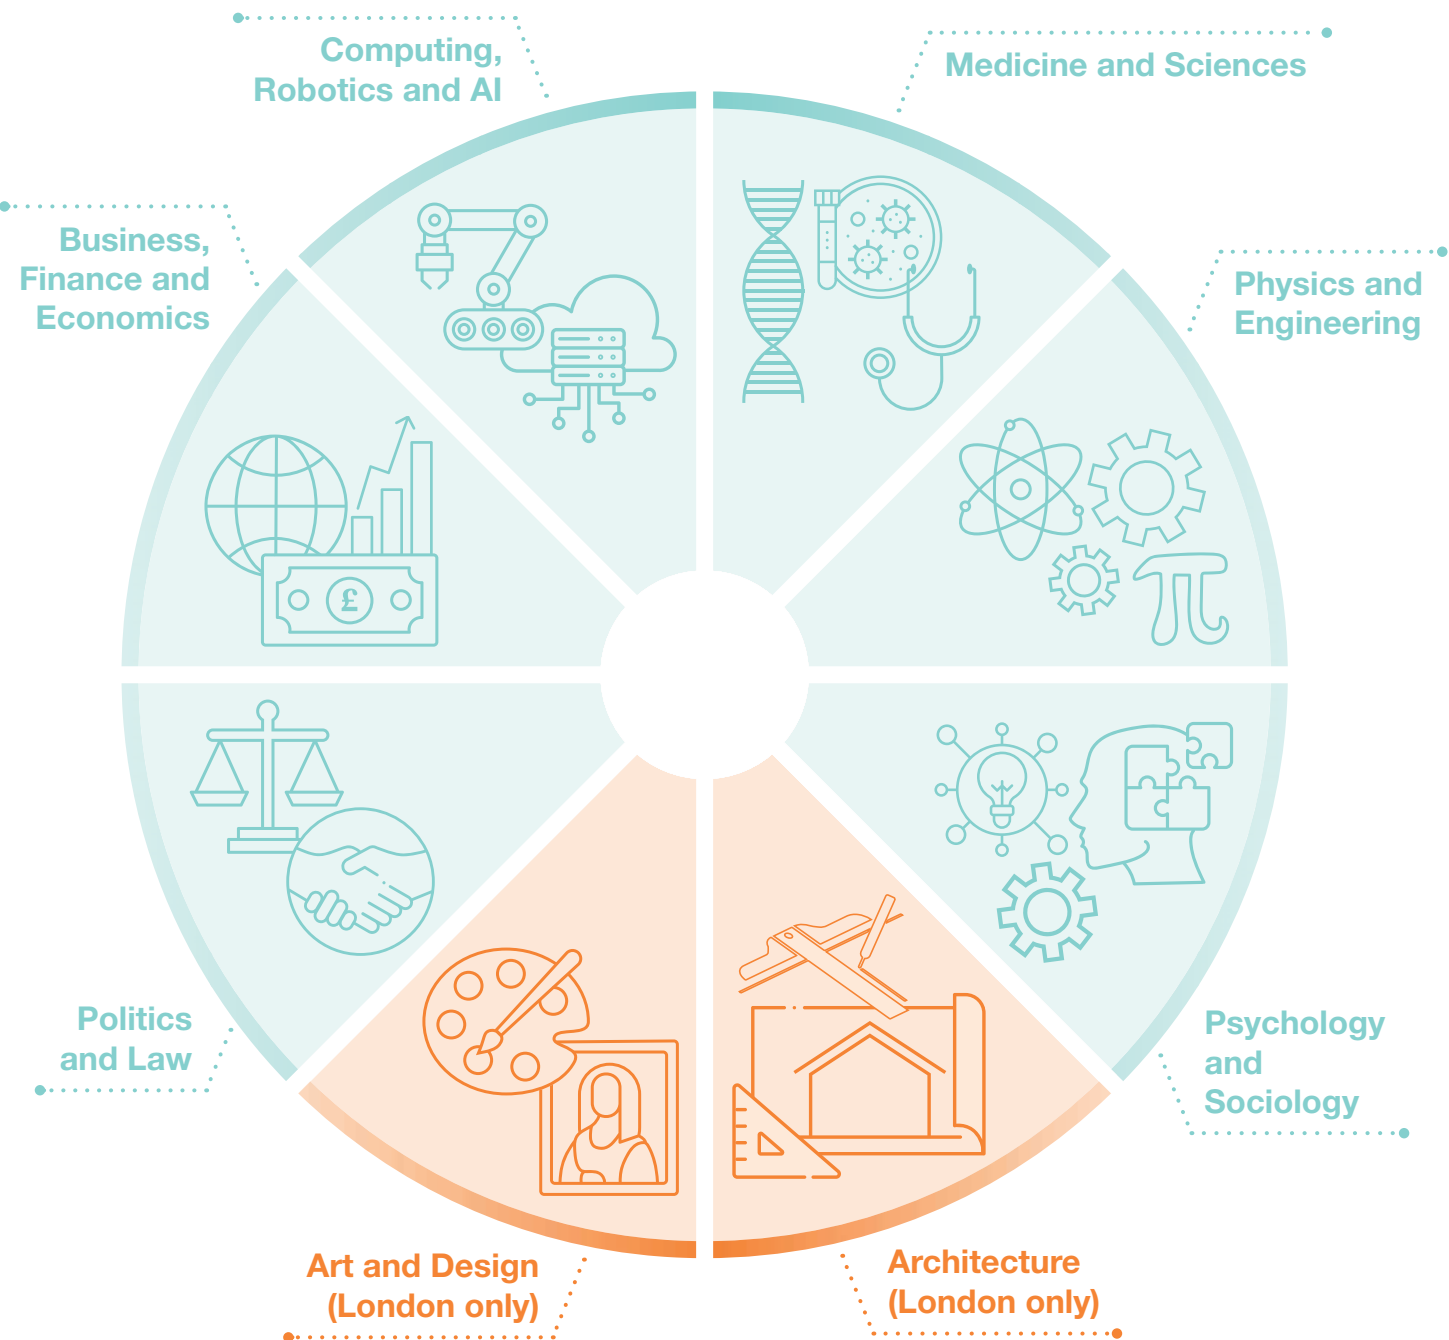

Programme Overview

Our Summer School combines an exciting academic stream, innovative life skills workshops, fulfilling enrichment activities and a fun-packed schedule of social events, all within a fully immersive international environment.

Academic Programme

Our programme features eight exciting academic streams. Choose one stream to study for the two-week duration of the programme.

My Path; My Way

An innovative collection of courses, *My Path; My Way* equips you with the essential skills you need to succeed not only in your future career, but also in areas of your life.

Built around three core pillars—cognitive, interpersonal, and intrapersonal skills—our courses provide a well-rounded approach to learning. You will sharpen your critical thinking, enhance your powers of persuasion, and build emotional intelligence, at the same time as developing your resilience, self-awareness and communication skills.

Through interactive lessons, practical exercises and engaging content, you'll learn to think strategically, communicate confidently, and thrive in any situation.

Enrichment

From industry field trips through to weekly lectures, our enrichment activities are designed to equip you with invaluable knowledge and skills for your continuing education and beyond. You will hear from world-leading academics from prestigious London universities and the University of Cambridge in a weekly lecture series.

In addition, you have the opportunity to learn from guest speakers who are experts in their field, develop your academic communication skills, and understand more about the university application process in our university preparation workshops.

Social and Leisure

Away from the classroom, a summer with MPW is both fun and enriching, with activities to suit every interest.

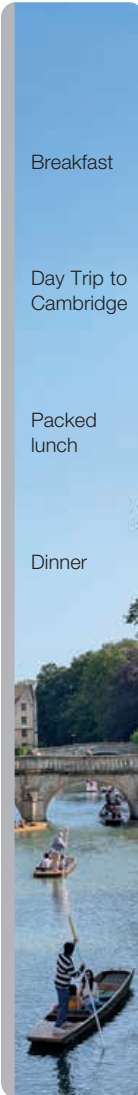

A diverse and international student community provides the perfect environment to learn about different cultures, develop confidence and fluency in spoken English, and make lasting friendships. Over the years, MPW Summer School has welcomed students from 66 nationalities, creating a truly international community where English becomes the shared language of communication, collaboration and friendship.

You can look forward to a wide range of exciting cultural and social activities. These include trips to museums, galleries and theatres, as well as activities such as punting, escape rooms, movie nights and karaoke.

London Sample Timetable

Every day at MPW Summer School in London is carefully designed to balance academic learning, personal development and memorable experiences beyond the classroom. Alongside your chosen academic stream, you'll take part in life skills workshops, lectures, social activities and a weekly subject-focused excursion designed to bring your learning to life.

Cambridge Sample Timetable

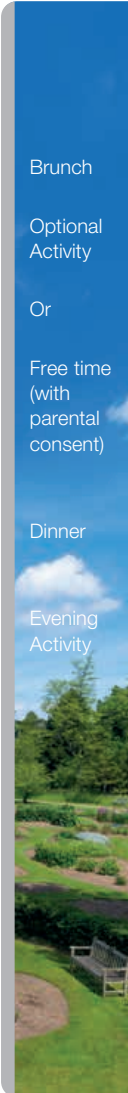

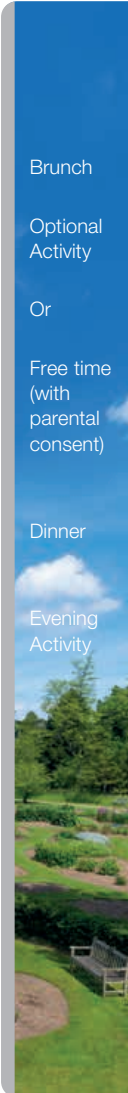

Every day at MPW Summer School in Cambridge combines academic learning, personal development and life as a student in one of the world’s most renowned university cities. Alongside your chosen academic stream, you’ll take part in My Path; My Way workshops, university lectures, guided college visits and a varied programme of social activities, inspiring you to explore future university options and career ambitions.

“Visiting the University of Cambridge gave me insight into studying in the UK. My favourite moment here was when we did karaoke all together. It’s not just about learning here, it’s about meeting new people and having new experiences – that’s what makes it unique.”

Manuela - Spain

Architecture

Take your first steps into the world of architecture. Learn about design principles, practical skills, portfolio development and pathways into an architectural career. Through project work, site visits and design discussions, you'll also develop the specialist vocabulary and communication skills used by architects. With London as your base, you'll explore some of the world's most iconic architecture first-hand.

Example timetable						
Available in London only.						
Time	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
9:00 - 10:00	Welcome to MPW! Intro to studying in the UK, British culture and values	Careers in architecture			Architecture in Context: Climate, Materials and Culture	
Break				University Preparation Workshop		
10:10 - 11:15	Introduction to Architectural History and Styles	3D model making Project development	My Path; My Way Life Skills Choices	Top universities Oxbridge Personal statements UCAS	Site visits: Observational sketching Project development	London students Day trip to Cambridge
Break						
11:30 - 12:30	Professional English for Future Architects	Sustainable Design			Mapping and Site Analysis	
Lunch						
13:30 - 15:00	Portfolio building Sketching and Structural Life Drawing	Pillars of Design: Design Principles and Emerging trends in Architecture	University Lecture Series	Subject-focused excursions: Modern architecture tour	Architectural Presentation & Discussion Skills	
15:00 - 17:30	The London Eye and Big Ben	The Science Museum	Visit a university campus for a lecture		The Design Museum	Optional shopping excursion or free time (if permitted)
Dinner						
18:30 - 21:30	Icebreaker games	West End musical	Quiz night and karaoke	City tour	Farewell party	

“The architecture course was great! I acquired a lot of new knowledge, and the teacher provided us with a lot of theoretical and practical knowledge! The international community and experience of speaking in English was amazing; I improved my social and language skills. Overall, I liked the Summer School so much!”

Alisher - Kazakhstan

Art and Design

Experiment with different media, techniques and forms to express your creativity. Explore illustration, painting, typography, colour and more while developing the visual language used by artists and designers. Be inspired as you tour art galleries and learn how to build a portfolio for entry to creative arts courses and institutions.

Example timetable		Available in London only.				
Time	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
9:00 - 10:00	Welcome to MPW! Intro to studying in the UK, British culture and values	Linocut printing			Guest speaker: Careers in creative industries	
Break				University Preparation Workshop		
10:10 - 11:15	Preparing an art portfolio	Painting techniques	My Path; My Way: Beyond the Podium	Top universities Oxbridge Personal statements UCAS	Making and printing collagraphs	London students Day trip to Cambridge
Break			Public Speaking			
11:30 - 12:30	Creative Communication	Modroc and Wire Sculpture			Art and Design Vocabulary and Terminology	
Lunch						
13:30 - 15:00	Experimental Drawing Techniques	Clay Sculpting and Glazing techniques	University Lecture Series	Subject-focused excursion:	Interpreting Artistic Expression	
15:00 - 17:30	The V&A Museum	Natural History Museum	Visit a university campus for a lecture	Visit Tate Modern and Tate Britain	Oxford Street shopping trip	Optional shopping excursion or free time (if permitted)
Dinner						
18:30 - 21:30	The London Eye and Big Ben	West End musical	Quiz night and karaoke	City tour	Farewell party	

“I learnt new art techniques at Summer School. We made and painted ceramic sculptures, tried lino art, and created prints from our own designs. Studying in the UK was really cool! I made friends from around the world, improved my English, gained confidence, and broadened my perspective.”

Oğuz- Türkiye

Business, Finance and Economics

Develop your understanding of the commercial world. Gain insight into how businesses operate, from business planning, investments and supply chains through to branding and marketing, while developing the commercial vocabulary and communication skills used by business professionals.

Example timetable		Available in London and Cambridge.				
Time	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
9:00 - 10:00	Welcome to MPW! Intro to studying in the UK, British culture and values	Corporate governance and ethics (advanced)			Entrepreneurship in the digital age (advanced)	
Break				University Preparation Workshop		
10:10 - 11:15	Know your market: design, branding and promotion	Organisational Design: Theory of the Firm	My Path; My Way: Mastering the Art of Influence	Top universities Oxbridge Personal statements UCAS	Dragons' Den-style competition	London students Day trip to Cambridge
Break						
11:30 - 12:30	The language of business	Pitching and Presenting Ideas in English			Economics in everyday life	
Lunch						
13:30 - 15:00	Economics: supply and demand	AI in business operations (advanced)	University Lecture Series	Subject-focused excursions (London): Museum of Brands: Workshop	Market Research	Sunday
15:00 - 17:30	Punting	Climbing	Visit a university campus for a lecture	University campus tours (Cambridge)	Bowling party	Cambridge students Day trip to London
Dinner						
18:30 - 21:30	City tour	Quiz and games night	Karaoke	Shopping	Farewell party	

“I chose business because I wanted to learn more about it. I think it’s a good way to make friends from other cultures and to practise your English. The lesson I found the most interesting was when we did our own Dragons’ Den and learnt how to stand out with a new business or product.”

Gonzalo - Spain

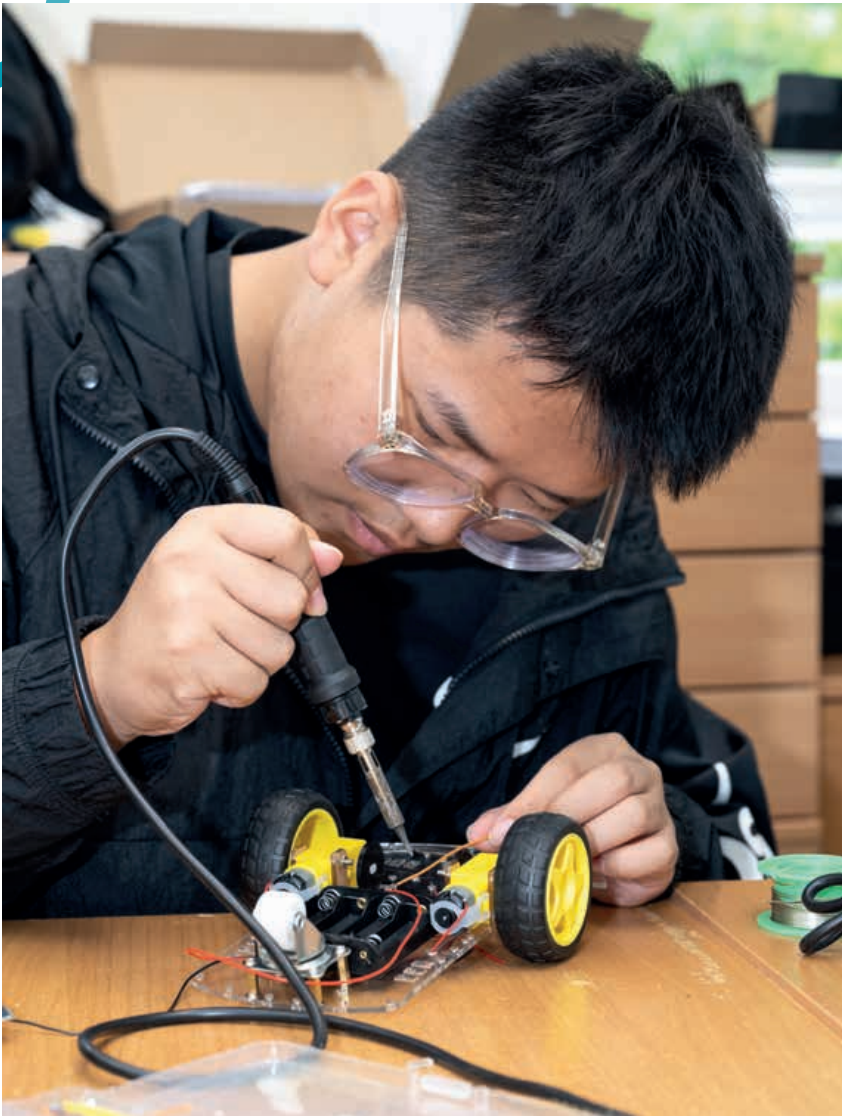

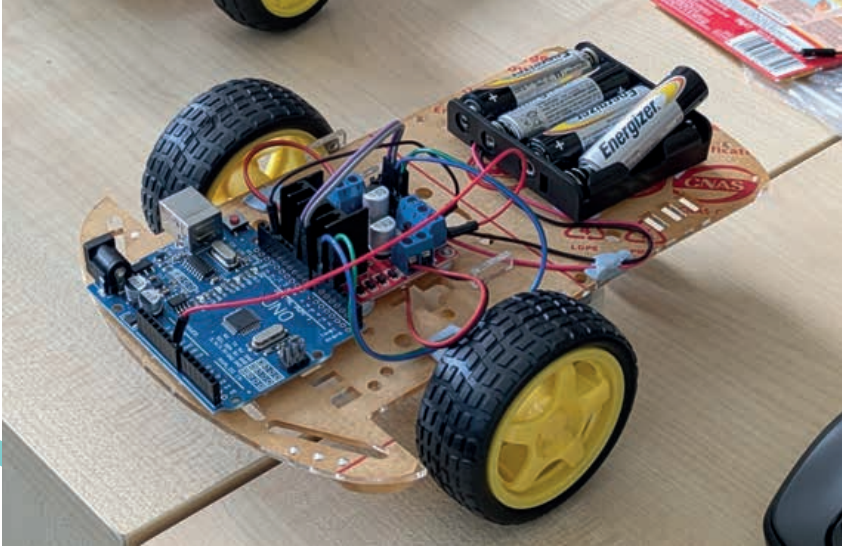

Computing, Robotics and AI

Take an exciting look into the future. Explore the technology that will shape our lives and discover your areas of interest, with topics ranging from coding to artificial intelligence. Along the way, you'll build the technical vocabulary and problem-solving skills needed to communicate ideas in the fast-moving world of technology.

Example timetable		Available in London and Cambridge.				
Time	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
9:00 - 10:00	Welcome to MPW! Intro to studying in the UK, British culture and values	Building ChatGPT Theory and practical			Ethics in AI, robotics, and cybersecurity	
Break				University Preparation Workshop		
10:10 - 11:15	Building a robot (practical)	AI project: image recognition	My Path; My Way: Breakthrough Thinking Advanced problem solving	Top universities Oxbridge Personal statements UCAS	Building a web app or game (practical)	London students Day trip to Cambridge
Break						
11:30 - 12:30	Circuit wiring fundamentals	Computing Terminology			Data Science: Insights and Impact	
Lunch						
13:30 - 15:00	Coding: Programming a robot	Robots: Machines in Motion	University Lecture Series	Subject-focused excursions (London): Tech startup tour	Technical Communication in English	Sunday
15:00 - 17:30	The London Eye and Big Ben	The Science Museum	Visit a university campus for a lecture	University campus tours (Cambridge)	The Design Museum	Cambridge students Day trip to London
Dinner						
18:30 - 21:30	Icebreaker games	West End musical	Quiz night and karaoke	City tour	Farewell party	

“I came here to develop my passion for computer science, particularly AI, because this Summer School focuses on hands-on experiences such as coding and programming in different languages. Our second week was challenging and engaging. We explored neural networks, quant finance and built our own robots.”

Vidhushaa - India

Medicine and Sciences

Start your journey to medical school. Take part in practical, hands-on workshops and build your theoretical knowledge. Gain valuable guidance from medical professionals while developing the scientific vocabulary, communication skills and insight needed to succeed through the medical school admissions process.

Example timetable		Available in London and Cambridge.				
Time	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
9:00 - 10:00	Welcome to MPW! Intro to studying in the UK, British culture and values	Nervous system and the brain (dissection)			Earn your Emergency First Aid certificate	
Break				University Preparation Workshop		
10:10 - 11:15	What makes a good doctor? Careers in healthcare	The structure and disease of the eye (dissection)	My Path; My Way: Mind over Matter Emotional intelligence and self-leadership	Top universities Oxbridge Personal statements UCAS	UCAT and interview prep	London students Day trip to Cambridge
Break						
11:30 - 12:30	Medical Terminology and Vocabulary	The Respiratory System			Medical Innovations: Discussion and Review	
Lunch						
13:30 - 15:00	Monitoring the heart Heart dissection (practical)	DNA and genes: Genetic crosses and genetic disease DNA extraction	University Lecture Series Visit a university campus for a lecture	Subject Focused Excursions (London): Museum & Surgical skills workshop	Healthcare Communication in English	
15:00 - 17:30	City tour	Punting		University campus tours (Cambridge)	Zoology Museum	Cambridge students Day trip to London
Dinner						
18:30 - 21:30	Icebreaker games	Games and quiz night	Bowling and karaoke	Escape Rooms	Farewell party	

“I want to study medicine in future, and this has helped me so much by giving me a proper foundation in the subject. We did practical dissections which were really fun; my teacher was amazing. It was an opportunity to actually see what we were learning about. I now know what my future studying medicine could look like.”

Maria - Romania

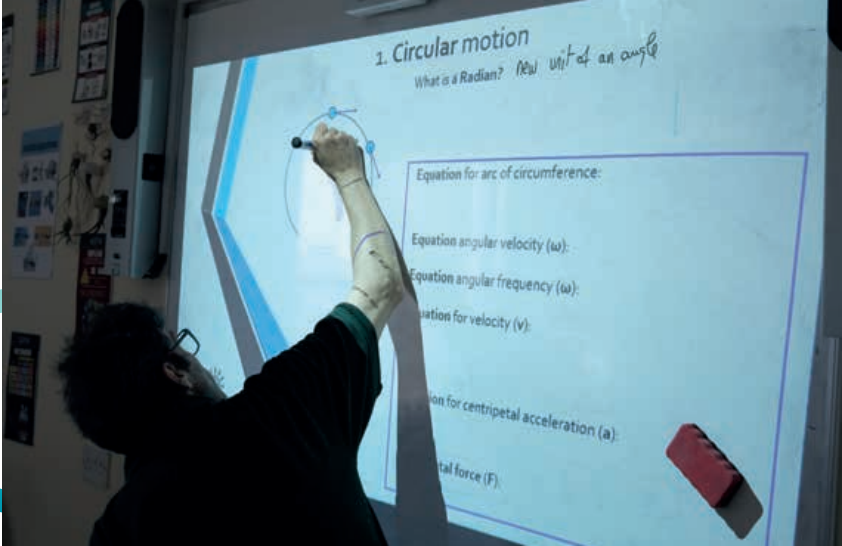

Physics and Engineering

Discover the expansive range of possibilities offered by engineering. Through theoretical and practical workshops, learn how core physics concepts translate into the real world while developing the technical vocabulary and communication skills used by engineers and physicists.

Example timetable		Available in London and Cambridge.				
Time	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
9:00 - 10:00	Welcome to MPW! Intro to studying in the UK, British culture and values	Chemical engineering			Guest speaker: Wireless power transfer (electrical engineer)	
Break				University Preparation Workshop		
10:10 - 11:15	Introduction to engineering	Twin Paradox: Understand Einstein's theory of special relativity (practical)	My Path; My Way: Building Bridges Negotiation and conflict resolution for young leaders	Top universities Oxbridge Personal statements UCAS	Nuclear physics: Power Particles and the Future of Energy	London students Day trip to Cambridge
Break						
11:30 - 12:30	Engineering Terminology	Communicating Scientific Concepts			Thermal Physics and Heat Transfer	
Lunch						
13:30 - 15:00	Exploring the Universe: Space Engineering and the forces that Shape the Universe	Mechanical engineering	University Lecture Series Visit a university campus for a lecture	Subject-focused excursions (London): Architecture tour (Civil Engineering) University campus tours (Cambridge)	Technical Communication in English	Sunday
15:00 - 17:30	Icebreaker games	Fitzwilliam Museum			Punting	Cambridge students Day trip to London
Dinner						
18:30 - 21:30	The London Eye and Big Ben	West End musical	Quiz night and karaoke	City tour	Farewell party	

“This course really helped me see all the physics theories in a more applied way. My favourite lesson was learning about gravitational fields. We almost missed lunch because it was so fun! Lessons are in small groups so you get more personalised treatment from the teacher, meaning you can learn at your own pace.”

Nicolas - Spain

Politics and Law

*Understand the institutions and decisions that affect how we live and are governed.
Explore the social, legal and political issues that dominate today's headlines
while developing the specialist vocabulary, analytical skills and communication
techniques used by lawyers, politicians and policymakers.*

Example timetable Available in London and Cambridge.						
Time	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
9:00 - 10:00	Welcome to MPW! Intro to studying in the UK, British culture and values	Humanitarian Intervention			Medical law and ethics	
Break						
10:10 - 11:15	Political Ideologies: Liberalism, Conservatism and Socialism	Types of democracy: Assembly, electoral, monitory	My Path; My Way: Navigating the Noise Media Literacy for the Digital Age	University Preparation Workshop Top universities Oxbridge Personal statements UCAS	Criminal Law: Manslaughter (Mock Trial)	London students Day trip to Cambridge
Break						
11:30 - 12:30	The Language of Politics and Law	UK Parliament			The Human Rights Act 1998	
Lunch						
13:30 - 15:00	Introduction to the English legal system	Populism: The mob or the silent majority?	University Lecture Series Visit a university campus for a lecture	Subject-focused excursions (London): Visit the Supreme Court	Public Speaking and Debate in English	
15:00 - 17:30	Covent Garden shopping	Natural History Museum		University campus tours (Cambridge)	Scavenger hunt	
Dinner						
18:30 - 21:30	City tour	Escape Rooms	Bowling	Mini golf	Farewell party	Cambridge students Day trip to London

“We learned that the law isn’t just black or white and that if you are going to be a lawyer, you need to understand that. We went to the Royal Court for a guided tour and took part in a mock trial. We also got to see part of a real trial. This was one of the best experiences of my life; in my country we don’t have this opportunity.”

Yana - Ukraine

Psychology and Sociology

Take a fascinating look at human behaviour and how it shapes modern society. Discover the theory behind criminal behaviour, explore social identity, analyse family function and the influence of the media, while developing the terminology, analytical thinking and communication skills used in the social sciences.

Example timetable		Available in London and Cambridge.				
Time	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
9:00 - 10:00	Welcome to MPW! Intro to studying in the UK, British culture and values	The role of media in society			Research methods: studying human behaviour	
Break				University Preparation Workshop		
10:10 - 11:15	Social influence: conformity and obedience	Guest speaker: Psychiatry & Mental Health in Practice	My Path; My Way: Navigating the Noise Media literacy for the digital age	Top universities Oxbridge Personal statements UCAS	Schizophrenia - diagnosis and how it's experienced	London students Day trip to Cambridge
Break						
11:30 - 12:30	Social Science Terminology	The Sociology of Religion - Sects and Cults			Developing Academic Discussion Skills	
Lunch						
13:30 - 15:00	Psychopathology: Explaining and treating mental illness	Sociology: Theories of the Family	University Lecture Series Visit a university campus for a lecture	Subject-focused excursions (London) Freud Museum (Workshop)	Debating Social Issues	Sunday
15:00 - 17:30	City tour	T-shirt making and games		University campus tours (Cambridge)	Natural History Museum	Cambridge students Day trip to London
Dinner						
18:30 - 21:30	Icebreaker games	The London Eye and Big Ben	Karaoke and quiz night	Bowling	Farewell party	

“I chose psychology because I’d like to study it at university. The classes were very fun. We discussed why we think the way we do. It was incredible to hear what everyone had to say. I’d recommend this course because it helps you decide what you want to do in the future and discover your real interests.”

Meida - Lithuania

My Path; My Way

Innovative, interactive and inspiring courses to develop the communication, confidence and life skills needed to thrive in study, work and beyond. Choose two courses, one per week.

Week 1 Choices

Beyond the Podium

Public Speaking and Presentation Mastery

This practical course empowers you to become a confident and engaging speaker. Learn how to craft compelling presentations, engage any audience and communicate your ideas with clarity and impact. Through interactive exercises and real-time feedback, you'll build the skills to overcome stage fright and present with poise.

Building Bridges

Negotiation and Conflict Resolution for Young Leaders

Conflict is an inevitable part of life, but how we respond to it can define our success as leaders. In this course, you will learn effective negotiation techniques and conflict resolution strategies that are vital for any aspiring leader. You will also develop the skills to manage disagreements constructively, promote empathy, and find common ground through activities and real-life scenarios. By developing your communication and interpersonal skills, you will be prepared to tackle challenges in both personal and professional settings.

Mastering the Art of Influence

Persuasion for Future Leaders

Through engaging activities and real-world examples, you will learn how to craft compelling arguments, hear what others are saying, build credibility with your audience and tap into emotions to influence others effectively. Whether you are preparing for leadership, public speaking or simply looking to hone your communication skills, this course provides the tools and techniques to make your voice heard and your ideas matter.

Week 2 Choices

Breakthrough Thinking

Advanced Problem Solving and Decision Making

Embark on a transformative journey with this fascinating course designed to elevate your problem-solving and decision-making skills. Inspired by renowned thinkers like Albert Einstein and Steve Jobs, you'll learn to tackle complex challenges using structured methodologies and innovative approaches. Through interactive activities and collaborative discussions, you'll develop the critical thinking and analytical skills necessary to navigate uncertainty and drive impactful solutions.

Mind over Matter

Emotional Intelligence and Self-Leadership

Inspired by the groundbreaking work of experts like Daniel Goleman and Mark Brackett, this course empowers you to develop emotional intelligence (EI) and self-leadership. Learn how to manage your emotions, build empathy and enhance self-regulation using proven techniques. By applying insights from leading EI researchers, you'll gain tools to improve your decision-making, strengthen relationships and build resilience for personal and professional growth.

Navigating the Noise

Media Literacy for the Digital Age

In an era flooded with information, the ability to discern truth from misinformation is crucial. This course will equip you with the tools to critically analyse media messages across platforms. Drawing on examples, you'll learn to question the reliability of sources, identify biases and understand the influence of media on public perception. Through collaborative activities, you will develop the essential skills to make informed decisions and become responsible consumers of information.

“I wanted to be in an unfamiliar situation and meet people around the world from different cultures, and I was interested in universities and the UK. I learned valuable skills such as independence, handling tough situations and socialising. It was also really fun.”

Irakli - Georgia

Enrichment

Our innovative and exciting summer courses provide an opportunity for you to be challenged academically and learn first-hand from industry professionals and university lecturers. Discuss, debate and explore new topics while developing your confidence communicating and collaborating with students from around the world.

University Lecture Series

Engage with distinguished academics from the University of Cambridge and renowned London universities. Hosted weekly, often in architecturally stunning venues, these lectures cover a diverse array of thought-provoking topics such as climate change, artificial intelligence, and issues of gender and race. It is a chance to expand your knowledge and connect these topics to contemporary events and cutting-edge research. This enriching experience will inspire and challenge you, fostering a deeper understanding of critical issues facing our world today.

Industry Field Trips - MPW London

A chance to experience the vibrant spirit of innovation in London, venture beyond the classroom and explore excursions tailored to your academic interests. These unique experiences allow you to investigate potential career paths while deepening your understanding of the professional landscape. Not only will you strengthen your academic knowledge but you will also gain an insider’s perspective on what it takes to achieve success in your future career.

University Tours - MPW Cambridge

The University of Cambridge is globally recognised for its outstanding research and academic excellence. By choosing MPW Cambridge, you will have the chance to explore the beautiful campuses of the city and learn about the wide array of courses offered. Explore potential university pathways and gain insights into opportunities available in your chosen fields. It is an important step on your journey to university.

Guest Speakers

Each subject has inspiring guest speakers who are career and subject experts. Participate in lively discussions to further enhance your experience and add to your knowledge of life beyond school. Our guest speakers provide real-world insight into the many exciting career options available to you today.

University Preparation Workshop

As part of each stream, you will take part in a 3½-hour workshop covering key aspects of the university application process, including UCAS, Oxbridge and writing personal statements.

“I loved the trips; they were amazing. We went to the Civil Engineering Department at Imperial College. We did a team task and ours won. It was really fun! I enjoy hands-on workshops, so it was probably my favourite moment of the course.”

Emma - United Kingdom

Social and Leisure

London

MPW's enviable central London location is perfect for exploring the city's world-class museums and beautiful Royal Parks, many within walking distance of the college. There are endless opportunities for fun and enriching activities - from visiting famous attractions such as Big Ben and the London Eye to playing games with new friends in Hyde Park; there is always something new to experience.

Sample activities

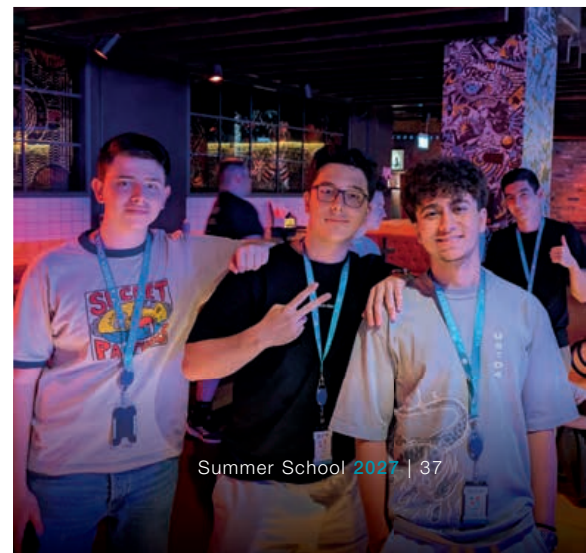

- West End theatre show
- Visit London's Royal Parks
- Natural History Museum
- Science Museum
- London Eye
- Movie night
- Karaoke party
- Disco
- Quiz Night
- Bowling
- Mini golf
- Covent Garden
- National Portrait Gallery
- Westfield shopping trip
- Historical walking tour

MPW London full-day excursions

27 June - 10 July	Cambridge
11 July - 24 July	Cambridge
25 July - 7 August	Cambridge

“I have never been to London before, it was amazing. We visited the London Eye, it was beautiful. I improved my communication skills and found friends from other countries, and we shared our languages and cultures.”

Safia - Kazakhstan

Cambridge

Cambridge is a thriving student city with plenty to see and do. This compact, walkable city offers activities to satisfy every interest, whether it's punting down the Cam, taking in a film, wandering through historic streets, exploring museums, or enjoying a meal out.

Sample activities

- Bowling
- High ropes
- Punting
- Escape Rooms
- Ice-skating
- Rock climbing
- Theatre in the park
- City tour
- Cinema
- Shopping
- Movie night
- Karaoke
- Board Game Café
- Disco

MPW Cambridge full-day excursions

27 June - 10 July London

11 July - 24 July London

25 July - 7 August London

“Every day we did an activity and lots of walking around the city. I had over 20,000 steps most days which is crazy, but I really liked it because Cambridge is a very nice city. It's a city with culture and I loved how historic it is. This experience was great. It was beautiful. I would really recommend this for someone who wants to study their field in English and to see the city that they want to study in.”

Ivo - Bulgaria

Key Facts

Course Length	Ages	Minimum English Level	Class Sizes
Two weeks (25 hours of study per week)	14 - 17	Intermediate, B1+, IELTS 5.0	Maximum of 12, average 8

International Community

Each summer, students from across the globe come together to learn, connect and build lasting friendships.

"We learned a lot about London, saw sights like Big Ben and had free time to go shopping with our friends. You improve your English and learn social skills because you're meeting so many new people."

Alix, France/Germany

"It has been a fantastic experience, with beautiful classes and activities. I had a lot of fun and I recommend this experience to everyone."

Chiara, Italy

"It was actually amazing. I had so much fun with the people here as well as the staff. I would come back again if I could."

Poiraz, Greece

"That was the most amazing experience in my life! People here are so kind, respectful, caring and supportive. I gained so much really useful knowledge and skills for my future. A piece of my soul will stay here forever."

Anastasiia, Ukraine

"I chose MPW's Summer School because I want to challenge myself, learn more about business, and experience studying in the UK. This opportunity will help me grow academically, become more independent, and take a step closer to my future goals."

Akim, Kazakhstan

"I had a very positive and enjoyable experience at the Summer School. I learned a lot about economics and finance while also improving my communication and teamwork skills. I particularly enjoyed meeting students from different backgrounds and taking part in activities outside the classroom. Overall, it was a valuable and memorable experience."

Wenzhao/Raymond, China

"I chose this summer school to improve my English, gain new knowledge about business, finance, and economics, and interact with students from different countries around the world. It was an amazing experience for me. The lessons were very interesting and packed with content. In addition to the lessons, we also visited many different sights."

Diana, Uzbekistan

"It was really a new way of learning information, making it more hands-on and fun. It made me want to actually learn and be excited to go to school. The free time and activities were of course also amazing."
